Dan Militello, Dist. 5
Bob Bachner, Dist. 6

Village Manager
Scott R. Niehaus

"Our shared Vision for Lombard is a community of excellence exemplified by its government working together with residents and businesses to create a distinctive sense of spirit and an outstanding quality of life."

"The Mission of the Village of Lombard is to provide superior and responsive governmental services to the people of Lombard."

The Department of Public Works will hold a public meeting on **Thursday, February 23, 2023, between 6:00 PM and 8:00 PM in the Village Hall Board Room and the Community Room** to share information and answer questions related to the North Grace Street Utilities Improvement project. The limits of the project are from Prairie Avenue to North Avenue.

The scope of work includes the transfer of water services to a larger diameter water main, water main lining, and replacement of a portion of the existing water main. Sanitary sewer is the other component of the job. Work will include the replacement of the sanitary main, the lining of the sanitary main, and the partial replacement of sanitary services. The extent of the work will necessitate some sidewalk, curb, and gutter, driveway apron, and roadway pavement removal and replacement. Tree removals and parkway restoration are also part of the project. Three streetlights will be temporarily relocated to accommodate utility work.

Public Works' engineering staff and the project designer, Civiltech Engineering of Itasca, will be available to answer questions about the project. **Attendees should view a short PowerPoint presentation online or in the Village Hall Board Room before the meeting.** The PowerPoint presentation will be posted online by February 6, 2023 (www.villageoflombard.org/520/North-Grace-Street-Utility-Improvements).

The award of the construction contract is scheduled for the March 16, 2023, Village Board of Trustees meeting. Construction is then anticipated to begin in April and conclude in October. Newsletters will be mailed periodically to keep residents informed about the progress of the project. The Village will post the newsletters and supplemental information on the Village website (www.VillageofLombard.org). Electronic notifications (Notify Me) will also be available.

Questions may be directed to Ray Schwab, Civil Engineer at 630.620.5740 or schwabr@villageoflombard.org.

Sincerely,

Village of Lombard
Public Works Department
